## NEKOOSA MURDER.

Albert Neinfeldt Kills Julius Marth in a Saloon Brawl at Nekoosa.

A fatal row occurred in the Bentz saloon at Nekoosa on Monday evening, Julius Marth being killed by his brother-in-law, Albert Neinfeldt, by being struck on the head with an iron candlestick, the injured man suffering a fracture of the skull from which he died in a short time.

The story told by the witnesses is that Marth was in the Bentz saloon when his brother-in-law came in. It seems that there had been some trouble between the two men before, but that it was not considered a serious matter. Soon after Neinfeldt entered the saloon the two men began quarreling, and during the altercation Neinfeldt picked up an iron candlestick and hurled it at Marth. Marth was struck on the head and fell to the floor, and Neinfeldt kicked him several times, but as he offered no resistance the bystanders interfered and an effort was made to resuscitate him. They were unsuccessful, however, and it was found later that he was dead.

A coroner's jury was impaneled, which after viewing the remains, adjourned until Tuesday afternoon and that evening brought in a verdict to the effect that Julius Marth had met his death by a blow from an

iron candlestick in the hands of Albert Neinfeldt, subsequent examination having shown that the skull was fractured by the blow.

Neinfeldt was placed under arrest and brought before Justice Brown in this city this morning, when he waived examination and was bound over to the circuit court to await trial.

Marth was a man about forty years old and leaves a wife and family. He was a farmer and resided about five miles from Nekoosa in the town of Port Edwards. Neinfeldt is about the same age and also has a wife and family and resides in the town of Port Edwards about two miles from the village of Nekoosa.

So far as can be ascertained there was no premeditation in the act, and it is not at all probable that Neinfeldt intended to kill his brother-in-law, but since discovering the effect of his passion he has been pretty badly broken up by the case.

For Sale.—Several second-hand saloon outfits, including practically as good as new. For particulars, write Kandy Mfg. Co., Grand Rapids, Wis.

For Sale.—Twelve residences in Grand Rapids, prices \$400.00 to \$3,000.00; some good bargains. T. J. Cooper.

Will Hold Rummage Sale.—St. Catherine's Guild will hold its annual rummage sale in the Wood County National Bank building on Saturday, February 16th.

## EXTRA GOOD CLOTHING FOR BOYS

The makers name upon a garment is sometimes nothing but a mere mark of identification, or a scheme to get free advertising. It has no value of any importance either to the merchant or the person who wears the clothes. But upon the special grade of clothing we sell, the label extragood is important; it corresponds to the painter's signature upon a masterpiece of art; it vouches for the genuineness of the quality, the perfection of work.

The Xtragood label is an absolute guarantee of satisfaction, its more; its a promise and a pledge that every garment is made with the greatest care possible and certain to prove durable and worth the money pay for it.

"We can fit your boy with an extra-good suit at an extra low price."

## TELEPHONE MEETING

Stockholders Decide to Make a Contract with the Wisconsin Telephone Company.

The Stockholders of the Wood County Telephone Co. met in adjourned session at the city hall on Tuesday evening. The annual meeting of the company had been adjourned for the purpose of allowing a committee to confer with the officers of the Wisconsin Telephone Company for a long distance connection. The committee upon being called upon, made the following report:

Your committee appointed to ascertain and report the best contract obtainable from The Wisconsin Telephone Company for long distance connection with this company, respectfully report:

That the general form of the contract used by the Wisconsin Telephone Company for such connections is a printed form, hereto annexed and made a part of this report.

2. In such contract the home company will be allowed a commission of 15 per cent upon all tolls collected by this company on out-going business originating at this point, as stated in said contract.

3. The Wisconsin Telephone Company is to replace the receivers and transmitters used by the home company with receivers and transmitters of its own, of a uniform pattern, the sum of 50 cents per annum per pair in case the system of the home company is fully equipped; the home company to have the right to retain and keep its receivers and transmitters so replaced. This would require the home company to pay according to the number of lines now in use, about \$200 annually and for each payment the Wisconsin Company will be obligated to keep the phones in repair and on all phones hereafter installed will save the home company about \$2.00 for each phone.

4. The business of the Wisconsin Company is of two kinds: (a) Wisconsin business purely (b) long distance business to and from points outside of Wisconsin. On the former the home company would receive 15 per cent of the gross receipts; on the latter the home company would receive all that the Wisconsin Company receives, which amounts now to about \$204 per message. On the last year's business the Wisconsin Company received at this point on the former \$2591.90, 15 per cent of which is \$388.79 and on the latter something over \$100, or a total of about \$489.

5. We are informed that the records of the Secretary of State show a total of 310 independent telephone companies in this state, of which 255 have contracts with the Wisconsin Company for long distance connection. The experience of these companies shows that the long distance service rapidly increased, resulting in increased revenues, nearly doubling in some places, as at Wausau the first year.

6. The Wisconsin Company is to retain, at its own expense, its own operator, either in a separate office as now maintained, or in the same office with the home company, in case arrangements should be made to that effect.

7. The Wisconsin Company will

leave it with the home company to name the period of the contract. Contract may be for five years or for ten years, with an election to the home company to cancel at the end of the first two years, or at the end of periods of two years thereafter during the term of the contract.

8. The Wisconsin Company is not to build, operate or maintain any telephone exchange in competition with the home company, and the home company is not to be a competitor with the Wisconsin Company in long distance business, or to make connections with any other telephone companies without the consent of the Wisconsin Company, except that it has a right to continue business with any company or companies with which it now has connections.

9. There are some minor matters of detail to be covered by the contract if made, which are not of sufficient importance to be referred to in this report.

10. Your committee has been unable to communicate with all of the independent companies having connection with the Wisconsin Company. It has, however, communicated with a number and have failed to find any of such companies are dissatisfied with the Wisconsin Company. On the contrary they express the highest satisfaction therewith.

All of which is respectfully submitted. Dated this 12th day of February, 1907.

B. R. Goggins  
M. H. Jackson  
W. A. Drumb

It was then moved and seconded that the directors be instructed to make a contract with the Wisconsin Telephone Co., the conditions of which were submitted to the stockholders. After considerable discussion on the subject the motion was carried.

The report of G. W. Paulus was read by the secretary, but owing to the length of same it could not be published here. It shows, however, that the company is in a first class financial condition. Better, in fact, than it ever was before. During the past year, \$1500 of the indebtedness has been paid off, with a balance in hand of \$431. During 1906 about \$8000 were expended for labor and materials in bettering the plant.

The directors elected for the ensuing year were Geo. W. Davis, John E. Daly, W. F. Kellogg and W. A. Drumb of this city, and A. H. Kieberg from Nekoosa.

There being no further business the meeting adjourned.

### Conventions

In Grand Rapids are fast becoming a thing to reckon with.

The Farmers just recently held one that brought over four hundred visitors to town. We are advised of another convention that will probably come here during the early summer.

Boating is now assured and the City Council's recent actions regarding a Park and cleaning up of the island will add greatly to the attractions.

All this means growth of the town and people must have homes.

There are none now for rent. Cloverdale Lots, centrally located to all the mills, are the best offer on the market as an investment. \$100 buys a Lot 55 by 125 with a 14 foot Alley.

A big 12 inch sewer drains the land which we put in at our own expense. Soil is rich and Lot owners are beginning. Buying has already begun. Pay \$5 down and \$5 each month. Taylor & Scott Agents.

### The Bryan Lecture.

Those who want to hear the lecture by William Jennings Bryan at the opera house on Friday evening of this week should be on hand promptly at eight o'clock, as Mr. Bryan is going to leave on the 9:55 train for the south the evening of the lecture, and as a consequence must commence promptly. The indications are that there will be a large crowd in attendance.

### Entertain Fitch Club.

The Misses Knutz entertained twenty-five members of the First Ward Fitch Club at a Fancy Dress Party Tuesday evening Feb. 12th. Abraham and Mrs. Lincoln and many other noted people were present. Progressive Fitch was played after which light refreshments were served. All report a jolly good time. For further particulars inquire of Abraham.

### Death of Miss Pray.

Miss Katherine Pray, daughter of T. B. Pray, died in New Orleans on Saturday evening suddenly from heart trouble. Deceased was thirty-five years old and had held the position of Latin teacher in the Stevens Point Normal for ten years. Miss Pray had gone south to spend the winter with a sister and her death was entirely unexpected by her friends.

### Changed Their Rate.

The Hotel Winter, for many years one of the leading \$2 a day houses in the Wisconsin River Valley, have changed their rates, and hereafter will run a straight \$1.25 per day house. This makes the Dixon the leading hotel.

### Rummage Sale.

The Guild of St. Catherine's will hold a rummage sale in the Wood County National Bank building on Saturday, February 16. The public is extended a cordial invitation to attend and take advantage of the exceptional bargains that will be offered.

## IN THE NORTHWEST.

Former Wood Co. Resident Tells of Conditions Existing in North Dakota.

Stordahl, N. D., Jan. 29th, 1907. As we are residing on our claim will drop you a few lines and have our paper sent here.

Can say I am quite satisfied with this country, as opportunities here for a young man are much better in many ways. Of course there are many disadvantages to contend with in a new country especially in the winter.

We have three or four feet of snow now and the weather is very cold. It has been as cold as 30 degrees below and 40 degrees is quite common, but frozen ears and noses are more common.

This North West experienced a terrible foot famine this winter and the situation is now in a critical condition. The suffering and deaths resulting from the cold have been terrible. At one place about seventy-five miles from here the farmers cut the telegraph posts of the Great Northern R. R., and told the company if they did not have fuel in within three days, they would take the depot, so they brought a car of coal by passenger. We have not felt the effects of it much, as there are Lignite coal mines within hauling distance from us, but owing to the condition of the weather and roads, it has not been a pleasure to get it. We have a good supply on hand now but will nearly carry us through until spring so we are all right.

To give you an idea of what a North Dakota blizzard means I'll illustrate a little experience I had the other day. In the morning the weather was fine, but about 10 o'clock I would go after a load of hay a mile from here. I hitched up the team and drove over and commenced to load when a fellow came by and said "I guess we will have a blizzard" and I looked up and saw a little cloud in the North West so thought I had better go home. Not having much of a load I drove a pretty good gal but by the time I got home I was glad I had. The wind was blowing about fifty miles an hour and the air was a solid mass of flying snow and such twisting, flying, and blowing I never saw the like. It was not matter which way I looked every face, as it came from all evenly direction at the same time. I finally got the horses in the barn and got to the house. And for three days it was almost impossible to get to the barn only seven or eight rods from the house. If you never saw a blizzard I think about the third day you would conclude to think, there is no place like home in good old Wisconsin. Hoping to get my paper hereafter at my address I am respectfully yours.

B. E. Benson.

### Change in Regents.

O. E. Gary of Whitewater, president of the Stevens Point Water Co., who was recently appointed to a position on the state board of Normal regents, has resigned, giving as his principal reason for so doing that he is a stockholder in several public service corporations in the different cities where Normal schools are located. Just in what way this would affect his duties as a regent was not dwelt upon. Paul Pratt, also of Whitewater, has been appointed to succeed him. Mr. Pratt is mayor of Whitewater and in 1902 was quarterback of the Wisconsin football team.

### For Rent.

For a period of three or more years, one of the best farms in town of Sigel; 80 acres with 10 acres cultivated, 20 acres cleared and seeded for pasture and 20 acres timber. All farm machinery necessary goes with the place. This is a money maker for a good man. Must be rented soon. Inquire of O. E. Boles.

### Will Move Their Meat Market.

Link & Worle have leased the old postoffice building in Gardner block and will remove their meat market to that place on or about the first of March.

### BIRTHS.

A daughter to Mr. and Mrs. Peter Koppel on Friday.

### REMINGTON.

Miss Maile has gone to Nekoosa to visit with relatives.

Miss Rosa Seebrock returned from Tomah last Tuesday.

Adolph Sanger was a Grand Rapids visitor last Sunday.

Miss Lena Haas is visiting her brother at Randolph this week.

Mr. August Seebrock is on the sick list this week.

Otto Barkowicz was a guest at the Haas home last Sunday.

Miss Agnes Keenan visited at her home in Dexterville last Saturday.

Wm. Frazer of Tomah is here calling on friends.

### RUDOLPH.

A merry party gathered at the home of George Hamon Monday evening. The time was pleasantly spent in dancing until a late hour. All report George a royal entertainer.

Will Hamm returned from Milwaukee after an absence of six months. He was employed in the car shops but met with an accident which will delay his going back for some time.

## Locals Win Another.

The Grand Rapids high school basketball team won their game from the Plainfield high last Friday evening at Plainfield by a score of 23 to 21. This makes a straight score of 21 wins for the local team, as they have beaten every high school team they have played with during the present season, their only defeat being at the hands of the Stevens Point Normals. They also won one game from the Normals, so that honors are even in this respect.

The boys have played good ball this year and are making every effort to carry off the championship, having practiced in a conscientious and painstaking manner, and if they come out on top of the heap are entitled to all the credit and honor that goes with the place.

The game at Plainfield on Friday night was a fast one and both sides played ball from start to finish.

### Goggins-Houston.

Miss Elsie Goggins and Robert Houston were married on Tuesday, Feb. 12th, at Los Angeles, Cal., and they will make that city their home. Both the bride and groom are well known in this city, the bride being the daughter of Hugh Goggins of this city, and a most charming young lady, while the groom formerly lived here, where he was born and raised, and has a host of friends among the older residents. Mr. Houston has been practicing dentistry for some time past in Los Angeles, where he has met with good success. The newly wedded pair have the best wishes and the heartiest congratulations of their friends in this section.

### Arrested Two Men.

Sheriff Welch arrested two men on Friday that were charged with having committed burglary at Stevens Point. One was a man named Kazanarik and the other was named Hazzard. Kazanarik was about to get aboard the St. Paul passenger train when he was apprehended, and had a ticket for Killebuck. The other was working at the plant of the Grand Rapids Foundry Co., where he had gone to work that morning. Both men denied knowing anything about the crime for which they were arrested, but as they were later identified by officers from Stevens Point they were taken there to be held for trial.

### ADDITIONAL LOCAL.

Mrs. Geo. Baker Sr. has been on the sick list for the past week.

Geo. Mallin of Green Bay was a guest of T. E. Mullen over Sunday.

Miss Bill Harding left last week for a few weeks visit with relatives in Merrill.

Mrs. Dave Lutz Jr. has been confined to her home for the past few days with illness.

Mrs. Nell Reeves, who has been quite sick for the past few weeks, is now able to be about again.

The Model Library has arrived and will be on exhibition at the Public Library until Monday night.

Florence, the 11 month old daughter of Mr. and Mrs. Will Martin has been quite sick for the past week.

C. S. Durand, special agent for the American Express Co., of Chicago, was in the city on business Tuesday.

Misses Julia Spalaska and Jennie Jeuneke of Stevens Point were guests at the John Cypress home in this city over Sunday.

Mrs. Frank X. Pomsinville, who has been quite sick for some days past, is reported considerably better this morning.

Miss Sadie Davay, teacher of the Fourth Grade on the east side, has been seriously ill during the past week with an attack of pneumonia.

Miss Emma Howlette of Green Bay arrived in the city on Monday and will visit at the home of her sister, Mrs. T. E. Mullen for a few weeks.

Mrs. Steve Slattery and daughter Margaret returned to their home in Sturgeon Bay last Wednesday after spending a week with relatives in the city.

The engagement has been announced of Miss Madge Haskin of Wausau and George Gilkey of Merrill. Miss Haskin is known in this city, having visited here at different times.

Rev. B. Hagenroth was in Appleton last week to engage Mr. Scheer to paint The Way of the Cross for St. Peter and Paul church in this city. Mr. Scheer is the artist who decorated the interior of the church and will no doubt do a fine job.

Mr. and Mrs. J. E. Farley left last Friday for Madison where Mrs. Farley underwent an operation on Tuesday morning. She is reported as getting along nicely and will be able to be home in a month or so. Mr. Farley returned to this city on Saturday.

During the cold spell of last week Sept. Pfeiffer thought there must be a broken water main somewhere in the city, and he put in a couple of days looking for the leak, but failed to find anything. So much water was being taken from the mains that it was impossible to keep the standpipe full, or even as high as it should be, but after looking over the situation he decided that the trouble lay with the people who were allowing the water to run in order to keep it from freezing. This keeps the water from freezing all right but it costs the city a lot of unnecessary money for pumping, and should not be done, unless the user wishes to pay for the water he is wasting.

—WANTED—To buy a house with good barn. Inquire of H. S. Wagner, phone 57.

## PLAY A SUCCESS.

Home Talent Production Draws Good Houses for Two Nights.

The play given by the band last week under the direction of Prof. F. L. Bliss was a decided success from start to finish. People who saw it seemed to be unanimous in their praise, and many made the remark that it was the best home talent play that has ever been produced in the city.

Those who took part in the affair seemed to put their whole heart in it and left nothing undone that would make it a success. It was evident that those on the stage had received good drilling, as they were better prepared and produced a play that was better than many of the professionals that have visited the city.

Prof. Bliss took the part of the tramp and handled it in a humorous and entertaining manner. Ed Passett departed from his usual role on the stage and played the heavy villain, while Art Polawitz made a first class old man, and Frank Hayes did the lover act like a veteran.

Alma Giffney was the heroine of the play and her work was right in line with the best of them, while Miss Aurelia Bandelin was the old lady, and carried off the part in the shape. Loretta McArthur was the maid, doted the furniture and did other odd jobs of that sort, and was right on deck with the goods at all times.

After the play on Friday evening the band gave a dance and something over fifty couples remained to participate in this part of the affair. The music for the dance was furnished by the band, while during the play an orchestra made up of the band boys played, and it was so good that it contributed largely to the success of the play. The boys cleaned up about two hundred dollars by their venture and are well pleased with the result.

### Death of Mrs. Chieko.

Mrs. Anna Chieko died very suddenly on Sunday from heart failure. She was just entering the German Lutheran church on the east side to attend divine services when she was stricken and dropped to the ground. She was picked up and taken to the residence of Rev. Maack, next door, and medical assistance summoned, but before help arrived she had expired.

Deceased was seventy-two years of age and had been in her usual health up to the time of her death. For some time past she had resided at the home of her daughter, Mrs. Gus Giese, in the town of Grand Rapids, her husband having died some years ago. She is survived by three daughters and a son, they being Mrs. A. C. Himmelman, Mrs. Gus Giese, Mrs. Peter Schmoller and Gertrude Chieko.

The funeral was held on Tuesday afternoon from the home in the town of Grand Rapids, the remains being brought to the church in this city where Rev. Maack held services.

### More Bandmen Wanted.

The Grand Rapids band now has about sixteen members and the coming changes are that during the coming summer this city will have one of the best musical organizations in this part of the state. However, it is desirable that new men be added to the organization, and persons who would like to play in the band are requested to apply to Prof. Bliss for information in the matter.

Prof. Bliss is making a special offer to beginners, as anyone who will buy a first class instrument will be given instruction free until they are able to take their place in the band, after which they will receive the regular drill with the band. This is an exceptional offer and should appeal to anybody who is a lover of music and wants to see a good band in the city.

### Homeseekers' Rates.

—Homeseekers' tickets are on sale via The North-Western Line from points in Wisconsin the first and third Tuesday of each month at very low rates for the round trip to points throughout the west, northwest and southwest. Also special low rates for one-way colonists' tickets same dates in February and March to Colorado, Wyoming and the Black Hills, and to Pacific Coast points daily during March and April. Ask agents The North-Western Line for particulars.

### A Hard Times Party.

The Foresters indulged in a merry time at their hall on Monday evening, the occasion being a hard times party by the members of the lodge and their friends. Many in attendance entered into the spirit of the occasion, and the appearance of some of them were quite unique. The evening was very pleasantly spent and everybody reported a good time.

### Not Much Improvement.

Local potato buyers report the price of the tubers at the present time at 25 cents a bushel. This is certainly a low price for this time of the year, and the receipts are quite heavy, indicating that farmers had been given up the hope of realizing a better price by holding the tubers.

It's the highest standard of quality, a natural tonic, cleanses your system, roddens the cheeks, brightens the eyes, gives flavor to all you eat. Hollister's Rocky Mountain Tea will do this for you, 35 cents, Tea or Tablets. Johnson Hill Co.

## Improvement Company Formed

Articles of incorporation have been filed with the secretary of state for the Wisconsin Valley Improvement company, with a capital stock of \$100,000. The incorporators are Nels Brown, L. M. Alexander, George Whitting, and H. R. Goggins. The company is formed for the purpose of regulating the flow of the Wisconsin river by the building of dams and reservoirs, with a view to saving the water when it is at a high stage and then making use of it during the dry summer months when it is generally so low that the water powers along the river cannot be operated.

The object of the company is one that will prove of benefit not only to the men who are interested but also to everybody who desires to see the water powers made the best possible use of.

### Dan Ellis Hurt.

Dan Ellis had his right shoulder dislocated on Monday evening. He was leaving the plant of the Port Edwards Fibre Co. about six o'clock that evening, when he slipped and fell in the floor and fell to some scaffolding below, receiving a painful hurt. While he will be laid up for a time, it is not expected that he will suffer any permanent inconvenience.

### Death of Mrs. Wm. Krenke.

Mrs. Wm. Krenke of the town of Port Edwards died on Tuesday of this week, the cause of death being blood poisoning.

### Death at City Point.

Mrs. Sarah Holme died at her home at City Point last week of consumption. Deceased was 23 years of age.

There is a sort of a truce in the republican party that has been good for the public. When the party was split in twain by warring factions the people felt reasonably secure because they knew one faction would watch the other like a cat watches a mouse, but now that there is harmony in the party, showed business men are keeping closer tabs on the situation. It is the part of wisdom to do this. A united republican party is a dangerous public institution. The party was united when it gave the Dingley bill; it was united when it voted to railroad through land to make four good roads, and it was united in the rainy days of the Credit Mobilier. The safety of the country lies in warring, split up, divided republican party, not in a united one. Millionaire.

### COUNCIL PROCEEDINGS.

Council Rooms, Feb. 8, 1907. Council met in regular session, President Jackson presiding. Present: Aldermen—Arlin, Smith, Haxson, Gross, Nilsson, Gatzert, Pantzer, Gross, Kubaska, Gatzert, Haxson, Haxson, Lyon, Hill and Hansen. Absent: Aldermen—Kiehlman. The reading of the minutes of the last regular meeting was, on motion, dispensed with.

The sidewalk committee, in whom was referred the petition for and Anti-Spitting Ordinances, reported recommending that the petition be granted.

The City Attorney to whom was referred the claim of Dr. P. Pommer ville reported that he had, as yet, been unable to confer with the town authority of the town of Grand Rapids and until such time he could not report on the matter fully. On motion, the City Attorney was given further time in which to make his report.

The City Attorney made the following report upon the claims for rebate on taxes and, on motion, the report was adopted.

To the Hon. Mayor and Common Council of the City of Grand Rapids, Wisconsin: Gentlemen:

With reference to the claims for rebate in taxes referred to me at your last meeting I submit the following report:

In the claim of Fred Kruger for \$12.40 rebate will say that I find no error of the amount in this case in placing a valuation on the above mentioned property. It being appraised in proportion to other valuations in that vicinity.

I would therefore recommend that the same be disallowed.

In the claim of J. C. Ball for \$11.00 rebate on personal property tax will say that under R. S. 1903 and C. L. 284 Laws '06, of Wis., that any such objections as to personal property taxes must be presented to the Board of Review and there settled. I recommend therefore that this claim be disallowed.

In the claim of B. N. Astenberg for a rebate of \$3.32, I find that the valuation on this property is \$100.00 for improvements. This is an error for there is no building on said lot as I have looked same over personally. Under R. S. 8, 925-145 stating when it shall be unlawful for the Council to remit, annual, or cancel any tax I find the following exception under par. 2.

"When improvements on lots were considered in making the assessment toll, when the improvements did not exist at the time fixed by law for making the assessment."

This case therefore would seem under said law as there are no improvements on same at this time, I recommend therefore that this claim be allowed.

J. J. Jeffrey  
City Attorney.

The following annual report of the City Treasurer for the year ending May 1st, 1906 was presented and, on motion, accepted.

**Baptist Church Services.**  
The dedicatory exercises of the  
Baptist were held on Sunday, there  
being services in the morning, after-  
noon and evening, which were largely  
attended. The local ministers of the  
city assisted in the work, as well as  
Rev. E. B. Edwards, Dr. Thomas  
and Rev. Herbert of Milwaukee.  
These gentlemen were very successful  
in their talks and as a result the  
members of the congregation are even  
more enthusiastic than they were  
before. It is stated that the church  
which will be very acceptable con-  
sidering the amount of money that  
was necessary in building the church.  
The new church is a very neat and  
tasty edifice and the Baptists have  
every reason to feel proud of their  
efforts along this line. The congre-  
gation is rather a small one and the  
church was organized here only about  
four years ago, so that it is one of  
the youngest associations of the kind  
in the city. That they have suc-  
ceeded in erecting such an edifice in such  
a short time speaks well for their en-  
terprise and enthusiasm.

**Lenten Services.**  
1. All the days of Lent, Sunday  
accepted, are fast-days of obligation,  
on which but one full meal is allow-  
ed.  
2. The use of flesh-meat is allow-  
ed, by apostolic dispensation, at the  
principal meal only, on all day occa-  
sions, Wednesdays and Fridays, and  
also Saturday of the second or third  
and Saturday of Holy week.  
3. The use of eggs, butter, milk  
and cheese is by custom allowed  
throughout Lent, and also the use of  
lard instead of butter in the prepara-  
tion of food.  
4. Fish and flesh-meat are not  
permitted at the same meal.  
5. A cup of tea or coffee with a  
little milk and a small slice of bread  
may be taken in the morning and a  
collation or repast in the evening but  
this should not exceed the fourth  
part of an ordinary meal or eight  
ounces.  
Besides Lent there are during the  
year the following days of fast and  
abstinence:  
1. Wednesday, Friday and every  
Saturday of ember week.  
2. The vigils of Pentecost, of the  
Assumption of the Blessed Virgin,  
of All Saints, and of Christmas; also  
the Fridays in Advent; also, if re-  
commended on the Saturday of the  
octave of St. Peter and Paul on  
the Saturday before the feast if it  
falls on a Sunday.  
3. All Fridays during the year are  
days of abstinence from flesh-meat,  
on Saturdays the use of flesh-meat  
is allowed again for this year.  
By apostolic dispensation, except in  
case of a fast day falls on Saturday.  
All must consider themselves as  
strictly bound to this fast; these only  
are exempt from fasting (though not  
from abstinence) who are under the  
age of twenty one, and such persons  
as are sick, infirm, convalescent, or  
whose strength is impaired by cold,  
age, nursing, or by hard labor. Such  
persons are not seriously sick are also  
exempt from abstinence. Those who  
are unable to fast or to abstain  
ought to have recourse to their res-  
pective pastor for advice or dispensation.  
By virtue of special faculties  
granted by the Holy See, we also dis-  
pense from the law of abstinence, all  
laborers, and we permit them the use  
of flesh-meat on all days of the year,  
with the exception of the Fridays,  
the octave of the year, Ash-Wednesday,  
the Vigil of Christmas, and those  
days of the Holy week on which the  
other faithful are not dispensed.  
This dispensation is so to be under-  
stood that at the common meal the  
whole family may avail itself of the  
dispensation. However, it is never  
allowed to eat fish and flesh-meat at  
the same meal.  
The faithful without exception  
should ever have the spirit of Lent,  
and though not dispensed from fasting,  
perform some works of penance, i. e.,  
abstain from intoxicating drink and  
amusements, especially from dance,  
and consider the Lenten season as  
the most appropriate time for good  
works, prayers, and almsgiving.

**Candied Cranberries.**  
There is no prettier garnish for  
dishes of which white cream is a  
component part, than candied cran-  
berries. In fact, the cook's kitchen  
should be almost indispensable,  
for they will garnish many a plain  
dinner so as to make it really hand-  
some when set to the table. But  
candied cranberries are a price so high  
that most housekeepers are obliged  
to use them sparingly. Cranberries  
can be obtained during the winter  
season in the large markets of almost  
any city. The price usually ranges  
from ten to twenty cents a quart and  
they may easily be considered as a  
garnish as handsome as the candied  
orange. They should be picked over  
carefully and every imperfect berry  
discarded. Allow a pint of sugar  
and half a pint of water to a quart  
of the berries. Put the berries in a  
graniteware saucepan, pour the sugar  
over the top and turn the water over  
that. Cook slowly, and when they  
reach the boiling point cover for just  
a few moments, but not long enough  
to let the skins break. Uncover and  
cook until tender. Take up, one by  
one, and spread on a heated paper  
or plaster to cool in a thin layer.  
The proportion of water and sugar  
is the same as for jelly. The broken  
berries and juice left in the saucepan  
should be returned to the stove and  
cooked a few moments longer, and  
when it is cold it will be a delicious  
preservative.—The January Housekeeper.

**AN IRISH TYPE.**  
The placid, well born girl of the  
Little Green Isle.  
"The Irish girl never worries," said  
a woman who has married into the  
upper class of the little green isle;  
"therefore they preserve their youth  
better than the women of any other na-  
tion. A peculiar type of personality  
has been left in Ireland and the  
American here would find the progress-  
ive and bustling England from the  
upper classes, American from the lower.  
Those who are left are of a placid,  
contented type, from whom the rest-  
lessness of present day is entirely  
absent. The average well born  
Irish girl would be pathetic if it were  
not that she seems to thrive so well on  
it. Year after year she follows the  
same monotonous round, meeting the  
same people at the same time, in the  
same place, in the winter, if her home  
is in a hunting district, no matter at  
how low an ebb the family finances may  
be, they will manage to give her a  
good mount, but for the girls who do  
not hunt the long wet winter, with  
few birds, few flowers, passes  
almost as drearily as in a medieval  
castle."—New York Tribune.

**St. Placide.**  
There is a picture of history in  
the name of that village, the name St.  
Placide was an Irishman of noble birth,  
who went over to France in the sev-  
enth century and lived as a hermit in  
a forest near Auxerre. His popularity  
became very great in France and  
the name of St. Placide was started  
public jubilee in Paris in 1640 he found the most convenient  
center for them to be no inn in the  
Rue St. Martin, named Hotel St. Placide  
and adorned with an image of the  
saint; hence "St. Placide."

**Now, Then.**  
"Do you mean to say this child fell  
from the third story and landed on her  
feet?"  
"Yes," replied the policeman. "I was  
an eyewitness."  
"That settles it!" replied the neigh-  
bor. "I always said her mother was a  
cat."—Detroit Free Press.

**Result of Bomb Outrage.**  
It is officially announced in the  
Correspondencia de Espana that 15  
civilians were killed and 70 injured by  
the bomb outrage in the Calle Mayor.  
In the body of the horse which was  
killed while drawing the royal coach  
15 bullets were found.

**Railway Construction.**  
In the six months ended June 30,  
2,297.20 miles of new railway track  
was laid in this country.  
The amount of new construction than  
any corresponding six months in the  
history of the country, except in 1902,  
when new construction aggregated 2,314  
miles.

**Death of Mrs. Flaig.**  
Mrs. Otto Flaig died at her home  
on the west side on Sunday after a  
short illness at the age of nineteen  
years. Deceased had been sick only a  
short time and her sudden death  
was necessarily a great shock to her  
numerous friends. The funeral was  
held from the Catholic church in the  
town of Rudolph on Tuesday, Rev.  
Van Sever conducting the service.  
Deceased was formerly Miss Carrie  
Herman, a daughter of Mr. and Mrs.  
Herman of Rudolph. She was the  
youngest of three children, the  
youngest being only eight months of  
age. The relatives have the sym-  
pathy of all in their bereavement.

**Death of Mrs. DeLong.**  
Mrs. J. H. DeLong died at her  
home in the town of Grand Rapids  
on Wednesday last, death being the  
result of old age. Deceased was born  
in New York State, but came west a  
number of years ago. She is surviv-  
ed by her husband and one son, A. S.  
Norton. The funeral occurred on  
Sunday afternoon from the home.
